The past week has been an exciting one in France. The second courtmartial of Dreyfus, now in progress, has served to fan the smouldering embers of discontent into a flame, until it is thought even the republic itself is in danger. Guerin, with party of friends, has been besieged by police at league headquarters for several days. Warrants for his arrest are issued, but his party is armed and provisioned and he says he will not surrender.

> Fighting has been resumed in real earnest in the Philippines. Last week Gen. MacArthur surprised and attacked the large force of natives that encompassed him about at San Fernando and routed it after a sharp engagement in which about 100 natives vere killed and about 400 wounded. Our loss was five killed and 29 wounded. The rebels were driven from all their positions and fled in complete rout. The floods prevented pursuit. Our troops occupied positions relieving them from their previous cramped condition. Ten miles northeast of Manila a detachment drove the natives out of San Matco. The rebels have made one or two small attacks in other localities without success. The new volunteer regiments are about recruited and some will leave soon for Manila. It is likely that five more regiments will be enlisted before the recruiting stations are closed.

Middlebury has a sad tragedy. On Monday, Fred Eastwood came from Greenfield, Mass., and, procuring a livery team, went to East Middlebury. where the wife from whom he had separated was living with her mother, Mrs. Marietta Brown. He shot both the women, inflicting a dangerous wound on his wite. He then drove to Middlebury and, calling at the home of Frank Fenn, killed him and wounded his wife He escaped, but later went to the jail and gave himself up. He had shot himself. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, biotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and io purify the blood. It gives strong nerves, orighteyes, smooth, velvety skin, rich complexion. ### Harvey-Rix,

Harvey-Rix.

A very pleasant occasion was the marriage of Carroll E. Harvey and Miss Sadie C. Rix Wednesday evening. August 9th, in the Cong'l church. A church full of guests and friends was gathered to witness the ceremony. Sweet peas, ferns and clematis filled the room with fragrance. At eight o'clock, to the strains of Wagner's wedding march rendered by Miss. Julis Trask at the organ, the bride, accompanied by her sister, Miss Anns Rix, as maid of honor, entered, followed by the bridesmaids, Misses Florence Kinsman and Mabel Harvey, and the ushers, Walter Wing and Leon Pollard. Afterward a pleasant reception was enjoyed by about 40 relatives and friends at the home of the groom's parents, Mr. and Mrs. Norman Harvey, which is also to be the home of the young people. Refreshments were served, a poem was read by Miss Blanche Dunham, several songs were sung and prayer was offered by Rev. Carleton Hazen and at a late hour the company dispersed to their norms.
